

Community water storage tank in Kabilash, Nepal, completed 2017
Cost: \$1,500

CDWT is a 501(c)(3) non-profit charity, providing clean drinking water solutions that restore pride and dignity in rural communities. www.cdwt.org

In 2017 we formed the Clean Drinking Water Team Inc. Our work in Nepal has given rise to a regional movement by the locals to improve drinking water conditions for over 1,500 people.

Please support us in 2018 as we take on clean drinking water projects helping people in Cuba and Nepal.

Transparency Pledge: We pledge to always be transparent and accountable throughout all aspects of our organizational operations. We pledge to share timely, accurate information about our finances, our processes and our projects. We will quickly share both the good news and any issues we are facing. Donors will have full access to the information they need to assess CDWT's worthiness of their donation. We will always promote a culture of respect, understanding and trustworthiness, and our donors will be treated as partners on our projects.
